

Savannah Ga, Intercessors International Network

The Eighth Annual "Making an Impact Through Prayer and Intercession Conference" was held in the beautiful historic city of Savannah Georgia at Kingdom Life Christian Fellowship Church 13th -16th April 2011.

The conference was a great success, the spirit of the Lord filled the house as his people worshiped and cried out for mercy on behalf of families, the unsaved, sick, afflicted, bounded, dying, etc. The word of God went forth from dynamic, renown men of God such as **Apostle Vincent Valentyn** from South Africa, who brought forth a precise timely kingdom message on kingdom lifestyle living and the three things that every church/person needs Prayer, Praise and the Word.

Apostle Vincent Valentyn also challenged us to just not stop at salvation but to get to know the Christ living inside of us, and expounded on preparing the way of the Lord. **Apostle David Clemetson** from Texas, who brought forth a message on the kingdom and incited us to let the deep call to the deep.

Bishop Joseph Kalema from Kenya currently living in Connecticut who never got to deliver his message; as the spirit of intercession and God's healing power filled the room, and **Apostle Thomas Jones** from Greenville South Carolina who ministered on his Saxophone and other wind instruments throughout the conference and delivered a message on Praise and Worship and how God' will speak back to you in worship as you speak to him in praise, **Pastor Charles Roberson** who on

the opening night of the conference set the tone for the conference when he delivered a message on keeping it simple and remaining humble as intercessors and **Evangelist Willie Mae Heywood** our conference host who charged the conference attendees daily; to keep praying and never give up.

Apostle Vincent Valentyn also led us as we prayed and interceded over the nations; oh what an impacting time as we believed the Lord to intervene through salvation and deliverance in the nations around the world. The presence of the Holy Spirit was sweet and tangible as he hovered over us throughout our day and night meetings. As intercessors we were challenged to go farther in prayer and live our lives in a life style of kingdom living as believers.

The worship was genuine as it filled the air and as the breath of the horns was played by **Apostle Jones**; the Lord was singing back to us. As the worship leader **Bryan Fanus** sang; in your presence, it was as the heavens began to open. Many lives were changed and will never be the same again. Healings, deliverance and prophesy went forth in our midst as we reverence and called on the name of Jesus. I am so, grateful to have been a part of this and can't wait to experience what the Holy Spirit will do next; as we remain humble, move forward, be determined to never lose our praise as so, beautifully sung by Pastor Edna Jones, never give up on praying and continue to standing in the gap as intercessors on behalf of others.

Here are some comments others had to say about this year's conference...

Thanks to the conference I am more educated about how to serve God as an Intercessor. Prayers throughout the conference gave me peace and spiritual energy to return home to serve as a Chaplain. Anointing received to strengthen my Seer spiritual gift was an added blessing.

~ Chaplain Michelle Allen

The spirit of hospitality was extended to the Body of Christ; to all who attended the Intercessors Conference. I was so encouraged by every speaker who gave all that the Holy Spirit gave them. I normally watch and listen to the television or radio. There was no need to hear anything but the Word. I would love to attend the conference next year and would encourage others to attend also.

~ Evangelist Michele Reid

I was greatly inspired by each presenter to renew my mind and think about Kingdom Building on a global level. I appreciate how this conference built on Conference 2010 by providing more in depth information for the participants.

I imagine that a step by step approach for each person's vision will produce magnanimous results for Kingdom Building on earth.

I am anxious to get the video tapes. I thought that the Praise and Worship support team were the one's GOD had appointed. I can still sing the song "Whatever You Do, Don't Lose Your Praise".

I am thankful for the open acceptance and exhibition of love each participant showed one another.

I thank each of you and will continue to keep each in prayer. Don't forget to cover me and the members of Breakthrough Ministry each day in Prayer.

~ Dr. E. Gail Brown,
Miami Gardens, FL.
